Washington, June 23.—Shortly after noon today Senator Cullom signed the conference report on the railroad rate bill, adding his name to that of Senator Elkins and Representatives Hepburn, Sherman, and Richardson. Tillman did not sign the report.

Refusal Expected.
The expected refusal of Tillman to subscribe to the agreement in regard to the amendment which would permit pipe lines to carry the commodities they produce, will result in a debate in the senate when the report is presented there for adoption.

Sundry Civil Bill to Conference.
Washington, June 23.—The sundry civil bill was sent to conference today in the house, the conferees being Tawney of Minnesota, Smith of Iowa, and Taylor of Alabama. The conference report on the bill for the division of lands and funds of the Osage Indians in Oklahoma was adopted, as was also the conference report on the bill authorizing the sale of timber on certain lands reserved for the use of the Menominee Indians in Wisconsin.

Back to Pure Food Bill.
After an hour spent in consideration of privileged reports, the house resumed further consideration of the pure food bill. The house unanimously adopted the report of the committee on elections, that Ernest E. BRYAN ON ROOSEVELT'S RULE

Wholly Democratic Administration Ought to Be Popular.

Trondhjem, June 23.—William J. Bryan's attention was called yesterday to a recent editorial article in the London Times referring to the president's attitude toward trusts and describing Mr. Roosevelt as less conservative than Mr. Bryan. "The former leader of the democracy smiled quizzically and spoke of the evident popularity of President Roosevelt's course. He added:

"If an administration which is democratic spasmodically and sporadically is so popular, what would be the popularity of the government which should be democratic at all times?"

STIRS UP SCANDAL

Contest Over Big Estate at St. Joseph, Mo., Involves Prominent Men.

Kansas City, June 23.—Judge McPherson in the federal court here today issued a temporary injunction to restrain proceedings in the probate court at St. Joseph, Mo., to declare Mary V. Burns insane. Miss Burns, who is now at Atlantic City, N. J., is the only surviving heir of the late Calvin F. Burns, who owned one-third of the \$3,000,000 Burns estate at St. Joseph. The petition upon which the injunction was granted asserts the recent move made by James A. Gibson, public administrator of Buchanan county, Mo., to have Miss Burns declared insane, was the result of a conspiracy. The defendants include Judge A. H. Woodson, democratic nominee for judge of the state supreme court, and Ralph A. Stauber, one of the republican leaders of northwestern Missouri.

NEGROES AND JEWS MIX IN RACE WAR

Two Killed and Many Injured in a Fierce Battle at Pittsburgh.

Pittsburgh, June 23.—Two men were fatally injured and a score badly cut and beaten in a race war between Jews and negroes here last night. The seriously injured were Washington Wells, a negro, and Josiah Joseph, a Jew. The fight which occurred in the streets of the hill district, which is inhabited by negroes and Jews, with a sprinkling of Italians, was started, it is said by C. Mat Darwin, and a few of his friends, all negroes. Riot calls were sent in and 300 policemen responded. The police fought desperately to reach the center of the disturbance, but were driven back time and again, and it was an hour before they gained control of the situation, and many officers were bleeding from wounds inflicted by knives and clubs.

UNDEREARTH 8 HOURS; LIVES

Cistern Digger Buried Beneath Deep at Rockford.

Rockford, Ill., June 23.—Halmar Carlson, a cistern digger, was buried under 15 feet of earth for eight hours yesterday, and was rescued alive and uninjured. While at work in the bottom of the cistern the earth caved in on him. His only protection was a few thin boards. A two-inch pipe was forced through the earth and Carlson was supplied with air. He communicated with those above, telling them he was alive and that he had managed to extricate his feet from the timbers which had been forced down on him. The haven happened at 3 o'clock yesterday afternoon and it was 11 o'clock last night before Carlson was rescued.

TALKS IN NORWAY

William J. Bryan Invited to Address Norwegian-Americans.

PRESENT AT THE CORONATION

Pays Compliment to Nation's Civilization and Strength — King to Receive.

Trondhjem, June 23.—The Norwegian-American delegates to the coronation of King Haakon held a meeting this afternoon in the garden of the old archbishop's palace, under the shadow of the cathedral, and invited William J. Bryan to address them. When Bryan appeared, he was presented with American and Norwegian flags and the crowd cheered him.

Civilized, Yet Rugged.
Bryan said judging Norway by her sons who come to America he wanted to offer her his congratulations. He declared Norway had achieved high civilization without losing any of her early, rugged strength, a thing nations rarely achieved. He hoped the country's prosperity would be as long as her days were now.

Others Speak.
Peter Stromman of Wisconsin, Rev. Mr. Manfion of Minnesota, and Dr. Fjelde of North Dakota, also addressed the meeting. The trend of their remarks consisted in expressions of sympathy, encouragement, and congratulations from Norwegian-Americans in the United States to their brethren in Norway.

ANNOUNCES PLANS

Attorney General Moody Definitely Declares War on Standard Oil.

PROCEEDS UNDER ELKINS LAW

Discriminations to Be Stopped—Morrison Resigns to Become Special Attorney.

Washington, June 23.—Formal announcement of the purpose of the government to prosecute the Standard Oil company was made yesterday by Attorney General Moody. It appears from his statement that proceedings in first instance will be had under the Elkins law, which prohibits rebates in interstate commerce. The attorney general, however, gives notice that in all probability, should the investigation be still making justify it, he will bring further action against the Standard Oil under the Sherman anti-trust law.

To Stop Discrimination.
He also will take steps to insure against continuance on the part of the company of discriminations in trade and transportation not now subject to prosecution under the existing law, but especially provided against in the pending rate bill.

Morrison to Prosecute.

Washington, D. C., June 23.—The announcement that District Attorney Morrison of Chicago will soon resign his office to act as counsel for the government in the Standard Oil prosecutions caused a flutter in Illinois political circles here.

It was expected that Attorney Morrison would retire with the official announcement of the close of the prosecution of the beef trust, but there was no certainty of anything of the kind. Some time ago a strong effort was made to induce him to agree to surrender his office when this prosecution should end, but it was unsuccessful. He could have continued to hold the job until the close of his term had he so wished.

Will Not Reach Heads.

Washington, June 23.—Although the department of justice has announced it proposes to begin criminal proceedings against officials of the Standard Oil, the intimation is given it is doubtful if indictments may be found against such men in the Standard company as John D. Rockefeller, H. H. Rogers, and John D. Archbold.

Like Railroad Case.

Officials of the department indicated today the government would press the prosecutions vigorously, he did not have the idea the officials of the Standard would be reached in criminal proceedings any more than the presidents of railroads, personally, are reached through similar proceedings.

JUDGE MENTIONS THEM

Facts Probably Go Before the Grand Jury in the Fall.

Kansas City, Mo., June 23.—Proceedings may be brought against the shoe and dry goods merchants of St. Louis, Omaha and Kansas City on the charge of accepting rebates from railways, secured for them by George L. Thomas, the New York freight broker, who, with his chief clerk, L. B. Taggart, were in the federal court here yesterday, were fined and given a penitentiary sentence.

Mentioned by Judge.

These firms, numbering seven, were mentioned by Judge McPherson in sentencing Thomas and Taggart. He declared the rebate taker was as guilty as a rebate giver, and added: "I assume these firms will be proceeded against for receiving these unlawful rebates, which can be done either by indictment or information."

Goes Before Grand Jury.

While not admitting such action would be begun against these merchants, District Attorney Van Valkenburgh, who presented the cases, intimated the matter probably would be brought to the attention of the grand jury next fall.

South Dakota Supreme Court Hears Arguments in Case.

Pierre, S. D., June 23.—Arguments for bail for Mrs. Emma Kaufmann, wife of a millionaire brewer of Sioux Falls, accused of beating to death her 16-year-old maid, Agnes Polreis, were made yesterday before the supreme court. Application was made to the supreme court on account of the strong feeling in Sioux Falls.

The argument of counsel for Mrs. Kaufmann was that the worst which could possibly be charged against his client on the testimony at the preliminary hearing was manslaughter, and that this was a bailable offense. The court has taken the matter under advisement. The probabilities are that no decision will be reached before some time next week.

Trouble in Capital.

In St. Petersburg a sergeant of police was killed last night in the turbulent Narva district. Peasants of the village of Krutnyagorki, enraged at the killing of a cow by two members of the rural police, called a commune meeting, formally condemned the two men to death and executed the sentence.

Attempted Robbery Fails.

Messengers on the Southwestern railroad, who were carrying \$125,000, were attacked yesterday near Kiev by four robbers, who killed one messenger, wounded the second, seized the money and drove away at a gallop in a cab. Crow was foreman last fall of the federal grand jury which indicted Rev. George Ware for land frauds. Crow admitted on the stand that he had secured railroad transportation for members of the grand jury between Omaha and the homes, which was done, it was charged, to try to prevent an indictment of Rev. Mr. Ware. It was shown Crow had been retained as attorney for Lambert, who was jointly indicted with Ware on a conspiracy charge. A fine of \$1,000 or a year's imprisonment, or both, is provided for the crime of which Crow is convicted.

SILVIS Y. M. C. A. OPEN FOR RAILWAY TRAINMEN

Temporary Quarters at the Terminal—Road Under Contract to Erect Expensive Building Later.

Silvis Y. M. C. A. was opened yesterday to the trainmen of the Rock Island road's big terminals in the east end for the first time since Natick Y. M. C. A. was closed following the abandonment of the yards there.

Fine quarters in the west end of the storehouse have been provided by the railroad management in accordance with the contract with the Y. M. C. A. A space 40 feet wide and 400 feet long in the west section of the storehouse was set aside, and this has been fitted off into six rooms arranged for the various purposes of the association.

The present quarters are for temporary use, as the Rock Island road is under contract with the state railroad Y. M. C. A. to erect a separate building of generous dimensions at the end of two years. It was thought Natick Y. M. C. A. building could be moved to Silvis, but an estimate placed the expense at \$4,500, and no guarantee that the building would be in good condition. About \$2,000 has been expended at Silvis, and the understanding is a building to cost between \$25,000 and \$50,000 will be provided at the end of two years.

IOWA TEAM WON IT

Clinton Fire Horses Defeated Lincoln, Ill., Champions in Half Mile.

RESULT WAS GREAT SURPRISE

Winners Put in Place of Council Bluffs When Agreement Failed.

Clinton, Iowa, June 23.—The defeat of the Lincoln, (Ill.) team, the champion fire team of Illinois, by Bonny and Beauty, the Clinton fire department team, which held no marks, and the lowering of the Iowa record on straight way half mile fire race by the Council Bluffs team were the features of the closing day of the 28th annual Iowa firemen's tournament in this city.

Put in as Substitute.

The original plan was to match the champion team of Iowa, which is Jim and Jim of Council Bluffs, against the Lincoln team, but the firemen of the two cities could not get together on conditions, and the race was declared off at the last moment, the Clinton team entering against Lincoln to satisfy the 7,000 spectators assembled to see the afternoon events. Clinton finished in 3:31, just 35 of a second ahead of Lincoln.

Broke Old Records.

In the straightaway nine Iowa teams entered. All broke the former record for a half mile run, flying start, no hose. Jack and Jim of Sioux City made the best time, 1:02 3/5, Jack and Jack and Black and Tan, Des Moines, tying for second place, 1:03.

Jury Recommends Asylum Then Two Years in Penitentiary.

NEW TRIAL OR APPEAL

Attorneys for Defense Assert Insane Person Cannot be Tried for Crime.

Peoria, Ill., June 23.—(Special.)—Mrs. Mary L. McKinney was found guilty, the verdict being brought in at 9:40 this morning. The jury recommended that the prisoner be sent to the asylum for the criminal insane at Chester until she recovers, and then be compelled to serve two years in the penitentiary. The jury found that Mrs. McKinney was at present insane.

Move for New Trial.

Attorneys for Mrs. McKinney will make a motion for a new trial Monday and will argue it at a day to be set by the court. Attorneys Frank Quinn and George Cooke say the verdict will not stand, and unless the motion for a new trial is granted, an appeal will be taken to the supreme court on a writ of error. Cooke says according to the statutes of a person who is insane cannot be tried for a crime.

Followed Instructions.

The jury followed instructions of the court in regard to the insane phase of the case. Mrs. McKinney is out on \$1,500 bonds. She never moved when the finding of the jury was read. Mrs. McKinney will probably be sentenced Monday.

Arguments Close at 4:30.

The arguments were closed abruptly at 4:30 o'clock yesterday afternoon when Frank Quinn declined to argue, thus cutting the leading prosecutor, W. J. Graham of Alton out of his closing argument. It was freely stated among the spectators at the trial that the defense feared the earnest plea of the sandy haired lawyer from Alton.

Robert Scholes, who closed for the state, made a powerful argument. He attacked the insane theory from every vantage point, called to the jury's attention the night that Mrs. McKinney is alleged to have debated suicide for three hours in a rowboat on the river bank at Batavia, declaring that no insane woman could have so deliberated. George A. Cooke, the original counsel for the defense, made the only plea for Mrs. McKinney. He based his whole argument on the insane theory.

Instructions Defined Insanity.

The instructions from the court clearly defined the form of insanity, which under the law is a sufficient defense, as a liability to distinguish right from wrong and to control the actions. Two extracts from the instructions show this:

"You are instructed that if you believe * * * the defendant knew that it was wrong to commit such crime, and was mentally able to choose either to do or not to do the acts constituting the crime * * * then it is your duty to find her guilty even though you should believe from the evidence that at the time of the commission of the crime she was not entirely and perfectly sane."

"The legal test of responsibility * * * is: Did the person accused know at the time the crime was committed that it was wrong, and was she able to do the right and refrain from the wrong as regards such acts."
